

October 29, 2021

Dear Colleagues and Students:

These are ever-changing times. We know there are a number of hurdles to overcome; collectively we will accomplish the Chancellor's directive and guidance by focusing our efforts on these two priorities:

- To safeguard the health, safety, and welfare of our faculty, staff, and students
- To enable students to progress toward their educational goal

Positive COVID Cases

For the first time since the COVID pandemic began, we had no student or employee positive COVID tests reported this week. On October 27th, the Minnesota Department Health reported there are still high levels of the COVID-19 virus circulating throughout Minnesota.

Flu Shots

As COVID-19 restrictions ease and businesses return to normalcy, experts are predicting a bad flu season contrary to last year. Flu shots are available at your medical clinic, most pharmacies and retail locations with pharmacies, i.e., Cub, Target, Walgreens. Flu shots are covered by your health insurance provider.

Better Together,

Victoria DeFord, Human Resources Director
